### Life Imitates Art

The J. Paul Getty Museum in Los Angeles is  
 challenging art lovers to re-create a work of  
 art with the objects in their homes. What a  
 great way to pass time creatively while  
 we're all at home. Why not give it a try?  
 Here are a few of our favorites.

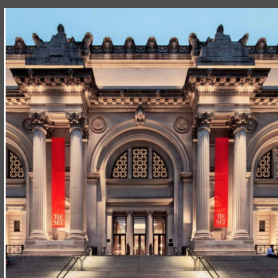

Folks around the world are getting creative! A couple in the UK built a tiny museum for their gerbils. That's right, their gerbils! 'Pandora and Tiramisu' loved their first museum experience getting up close to the mini masterpieces although they seemed to have nibbled on a few. Naughty gerbils. They *may* not be invited back.

Check out our visit to the [Getty](#). On Public Television/PBS stations nationwide in May 2020.
