

Enjoy this February Edition of the Museum Access INSIDER Newsletter

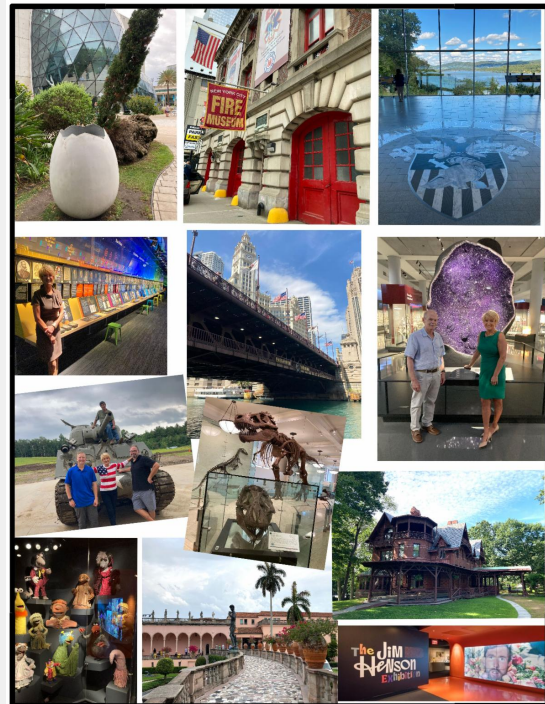

Let us help you inspire and educate!

Is the pandemic testing your skills to teach your kiddos? Spark their curiosity with the world around them by using our popular Classroom Series. Each downloadable 3-part program includes an exciting Museum Access episode, a companion Educational Fun Sheet and a Complete Lesson Plan for weeks of core curriculum learning. Click [here](#) for more info and start the adventure in learning!

YEAR OF THE TIGER!

LOTS OF THINGS ARE CHANGING!

But we're still bringing you quality programming! Season 4 is beginning to air nationwide on Public Television / PBS stations so stay tuned and thanks for joining the Museum Access Journey! Click [here](#) to see our Season 4 trailers!

Museum Access Moments

February 1st much of Asia and about one quarter of the world began celebrating the Lunar New Year. Think bravery, confidence, strong will and valor for those born in the year of the Tiger. Previous years of the Tiger were 1938, 1950, 1962, 1974, 1986, 1998 and 2010. Learn more about the Asian culture through its art at the [Asian Art Museum](#) in San Francisco. Here's to a great Lunar New Year for everyone!

Talk about taking the LONG way. What a great story! Thanks for sharing Beverly.

OUT & ABOUT...

The Delorean Motor Company is relaunching the iconic car featured in the popular 1985 movie, 'Back to the Future'. Only 9,000 of the vehicle were ever produced. This electric version will premiere in 2022. We saw the original during our visit to the [National Museum of Nuclear Science](#). Check it out on [Amazon Prime](#) anytime!

After you visit art museums to enjoy the original paintings, you may want to explore the new trend of immersive installations. These installations combine visual art, filmmaking and theatre. You can physically move through the art of [Frida Kahlo](#), [Vincent Van Gogh](#) and [Gustave Klimt](#) as it's projected on the walls. It's a popular new way to experience master works.

Behind-the-Scenes: The Ringling Museum

The Ringling Museum in Sarasota, Florida is actually 3 museums in one. The remarkable Museum of Art, John and Mable Ringling's breathtaking personal residence, Ca d'Zan, and the Circus Museum. The one-of-a-kind circus collection is fun for all ages. We spent one day filming and exploring the Circus Museum but could easily have spent days on the property. I'm thrilled to share our experience with all of our viewers so stay tuned for Season 4."
