GRINCHMAS IS BACK!

Don't miss the fantastical Grinch Grotto at the **Amazing World of Dr. Seuss Museum** in Springfield, MA, where all of the Whoville characters are happily celebrating the season. We had a ball there during our visit that's now airing on Public Television / PBS stations nationwide and also on Amazon

A most significant and highly anticipated auction recently took place at Sotheby's New York. Gustav Klimt's 'Portrait of Elisabeth Lederer' sold for an astonishing \$236.4 million. Setting a new record for the high-end art market. The stunning oil on canvas was painted 1914-1917 showcasing Klimt's embracing of East Asian art in the background. Elisabeth was the daughter of one of Klimt's most prominent patrons, Jewish industrialist August Lederer. Learn more about Gustav Klimt during our Season 5 visit to the **Neue Galerie & Museum** for German and Austrian Art in NYC airing nationwide on Public Television / PBS and on Amazon Video, Tubi, Roku, YouTube. Check out our trailer [here](#).

HO! HO! HOLIDAYS ARE HERE!

Video, Tubi and YouTube! Check out the Dr. Seuss season 7 trailer [here](#).

We all know that museums are fun to visit but did you know that research shows that those visits can have a positive impact on your mental health? Yep! A British study shows that museum visits are actually good for you and many healthcare professionals are prescribing museum visits as part of their treatment plans.

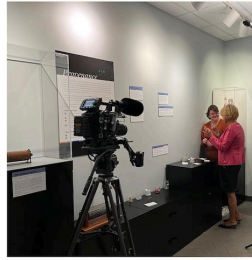

Enjoy the lights at the **EMPIRE STATE BUILDING** this season and don't forget to say hello to a very important guest, Santa Claus. Get a pic with St. Nick and pop up to the iconic 86th Floor Observatory for knock out 360-degree views in every direction. We had a blast during our visit for the latest season now airing nationwide and can't wait to check it out again this holiday season. Take a peek at our trailer [here](#).

BEHIND – the – SCENES:
The National Cryptologic Museum Annapolis
Junction, MD

*“To say that our visit to the **National Cryptologic Museum** for our current season was interesting would be an understatement. It was fascinating learning about how our national security is placed first every day by NSA employees in a rapidly changing world. From early decoding machines to more sophisticated computers and everything in between, the museum’s collection of declassified artifacts will blow your mind. Frankly, my head is still spinning!”*
