

Museum Access: The John G. Shedd Aquarium

SEASON 1 - EPISODE 4

Question 6

What job in the Shedd Aquarium would you be interested in learning more about? Why?

More Talking Points:

1. What are some the 'hands-on' jobs that sound interesting?
2. What are the jobs related to guests and visitors?

Question 7

What is the impact of technology on the health and safety of animals in the aquarium?

More Talking Points:

1. What technology is used to keep the animals healthy and safe?
2. How has technology improved the care for all of the aquarium residents?

Question 8

What would you use a 3D printer to create? How could it help someone?

More Talking Points:

1. What things couldn't be produced as efficiently before the 3D printer?
2. What things can be made even better because of the 3D printer?

Question 9

What is your favorite marine animal? Why?

More Talking Points:

1. What makes them unique?
2. Have you ever seen one in an aquarium? Where?

Question 10

Discuss the difference between marine animals living in the wild and those living in places like the Shedd Aquarium.

More Talking Points:

1. How are their lives similar and different?
2. Why are aquariums an important part of the research of marine life?
