

# Museum Access: The Adler Planetarium

## SEASON 1 - EPISODE 5

### Question 6

Did you know the story of Apollo 13 from seeing the Hollywood movie?

**More Talking Points:**

1. How did the astronaut's training impact the mission's success?
2. How would you have used *your* problem solving skills?

### Question 7

Have you ever had something planned that didn't go exactly the way you wanted it to?

**More Talking Points:**

1. We all know that when things go wrong, there can be many challenges. How did you handle them?
2. How did others help you with *your* challenges? What did you learn?

### Question 8

How do you think astronauts train for space missions?

**More Talking Points:**

1. Why do they train so intensely?
2. How can these skills help astronauts while in space?

### Question 9

What do you think it would be like to see the Earth from space?

**More Talking Points:**

1. What did Capt. Lovell think about seeing Earth from space?
2. What would it mean to *you* to see Earth from space?

### Question 10

Why is Earth different from other planets?

**More Talking Points:**

1. Do you think that Earth is the only planet with life? Why?
2. What do you think Capt. Lovell meant when he said that Earth is like heaven?
