### MUSEUM ACCESS MOMENT

## Did Ya KNOW?

Many of the Cos Cob art colony members such as Childe Hassam, John Henry Twachtman, Theodore Robinson and Elmer Livingston MacRae were inspired by the gardens surrounding the Holley boarding house in Cos Cob, CT. These artists gathered to paint, discuss their work and share the newly embraced methods of Impressionism in the late 1800's. They became leaders in the important art movement called American Impressionism. Learn more during our visit to this magical location. Click here for the [American Impressionists trailer](#).

Van Gogh and the Exorcist? What a great line of thought at two world-class museums. Thx for sharing Lynn!

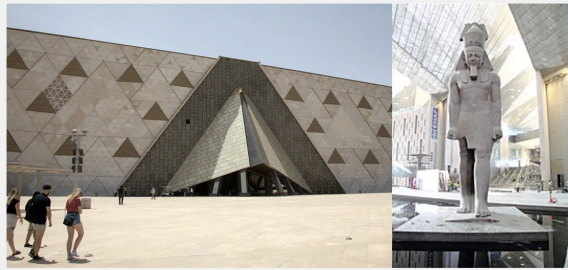

The [Grand Egyptian Museum](#), also known as the Giza Museum in Cairo is now open for limited visits with a reservation. Soon to be fully open, it will be the world's largest museum devoted to a single civilization with over 100,000 artifacts from ancient Egypt, many on display for the very first time. Definitely worth the 11 hr. flight from New York to Cairo!

The [Volo Auto Museum](#) in Volo, IL. gets our

Stamp of Approval for being the wildest walk down 'Movie Cars Lane' we've ever had. Recognize these 2 classics from Fast & Furious and Ghost Busters? Cool right? Check out our [trailer here](#).

## BEHIND – the – SCENES: THE MORGAN LIBRARY & MUSEUM

*“The **Morgan Library & Museum** is one of those gems of the museum world in NYC. It had been on my bucket list for yrs. and it did not disappoint. After viewing the breathtaking collection we were off to visit the pristine Thaw Conservation Center tucked away on the top floor. Learning about the demanding care of old manuscripts and books from head of the conservation center Maria Fredericks, was simply fascinating!”*
