

WHERE LEARNING IS AN ADVENTURE!

# The AKC Museum of the Dog has something for everyone. Showcasing the world of our four-legged friends through canine art and artifacts from around the world.

## Did Ya KNOW?

Queen Victoria was an enthusiastic dog lover. She had up to **75 dogs** in her kennels at any time.

Throughout history, dogs have been welcome Presidential companions in the White House. No doubt providing both physical and emotional support.

Canine art can be divided into 3 categories:

- Sporting Scenes
- Pet Portraits
- Purebred Portraits

AKC is the acronym for American Kennel Club. A kennel is a structure or shelter for dogs.

## Xtra Fun, Xtra Credit!

For adventurers 6+

### Puppy Love

Who doesn't love an adorable pup? Make this mask with a paper plate, construction paper and ribbon.

### Hide & Treat

Have fun with your dog by hiding a treat beneath one of the tennis balls in a muffin tin. Hide the tin and watch them 'search and rescue' their reward. Be sure to praise them when they find their treat.

### Build it Test it Learn it!

Now you can train your own electronic dog to sit, bow, lay down, walk, bark and more. Don't forget to give it a special name too!
